Subject

Kansas Open Records Act request concerning implementation of L. 2026, ch. 142 (Senate Substitute for HB 2372)

Request

Under the Kansas Open Records Act, K.S.A. 45-215 et seq.¹, I request electronic copies of the existing records described below. Unless an item states otherwise, the time period is April 8, 2026 through the date this request is received.

1. All final or operative guidance, legal bulletins, memoranda, model policies, training materials, presentations, frequently asked questions, or instructions created or distributed by the Office concerning L. 2026, ch. 142 or Senate Substitute for HB 2372.
2. Records sufficient to identify each state or local agency, association, or public official to whom the Office distributed the records described in item 1, including the distribution date.
3. All requests for advice, interpretation, training, or guidance received by the Office concerning section 1, section 2, section 3, section 5, section 9, section 10, or section 11 of L. 2026, ch. 142, together with any final response. Legal advice or attorney work product may be redacted or withheld to the extent authorized by a specifically cited provision of law; please produce nonprivileged transmittal, routing, date, sender, recipient, and subject-matter information that is reasonably segregable.
4. Records sufficient to identify every request that the Attorney General provide legal representation under section 3 of L. 2026, ch. 142, including the requesting person or agency, date received, matter or case number, court, and disposition of the request. Personally identifying information may be redacted where specifically authorized by law.
5. Records sufficient to identify every claim, demand, judgment, settlement, or payment presented to or handled by the State under section 2 of L. 2026, ch. 142, including the amount requested, amount paid, agency involved, matter or case number, and disposition.
6. Records sufficient to show all Office expenditures, encumbrances, outside counsel expenses, staff-time accounting, or reimbursement payments tied to sections 2 or 3 of L. 2026, ch. 142.
7. All final or operative policies, charging guidance, training materials, or communications concerning the new crime titled "unlawful approach of a first responder" in section 5 of L. 2026, ch. 142.
8. Records sufficient to identify complaints, referrals, or reported incidents

received by the Office concerning enforcement or threatened enforcement of section 5 of L. 2026, ch. 142. This item does not seek victim-identifying information or confidential-source information.

9. All records-retention schedules or Office instructions that specifically govern the records responsive to items 1 through 8.

Format, segregation, and timing

Please provide records electronically in their native format when reasonably available, preserving ordinary metadata. PDF is acceptable for records that do not have a useful native format.

Please treat each numbered item as severable. If any portion is withheld, produce all reasonably segregable open material and identify, item by item, the specific statutory provision authorizing the withholding. This request does not ask the Office to create a new record, conduct legal research, or answer interrogatories.

K.S.A. 45-218(d)² requires the request to be acted upon as soon as possible and not later than the end of the third business day after receipt. If production cannot be completed then, please provide the detailed cause for delay and the place and earliest time and date the records will be available.

Fees and scope

Please notify me before incurring fees exceeding \$25.00 and provide an itemized estimate identifying the records, anticipated staff time by task and rate, and other actual attributable costs. Please do not begin work above that amount without written approval.

If the Office believes a clarification would materially reduce cost or burden, please identify the particular item and proposed narrowing. Do not delay processing of the remaining items.

Delivery

Please send the acknowledgment, estimate, rolling productions, and final response to:
